March 18,  
2015

How to make a circus production seem miniature is the goal of the [Actors Gymnasium's Winter Circus's \*Circuscope\*](#). Taking place at the [Actors Gymnasium, Noyes Cultural Art Center](#), professional artists Dean Evans, Molly Plunk, Meredith "Tommy" Tomlins and Leah Leor work together to put on a charismatic jaw-dropping show. They defy preconceived ideas of circuses and put a puzzling yet delightful spin on their performance. From incredible acrobatics to stunning trapeze acts, the surprise factor never stops. These stunt performances are described as giving the circus an amoebic feel to it. Be ready to experience a show unlike anything before and come and see *Circuscope*.

The show is running through March 22. Showtimes are Fridays at 7:30 PM, Saturdays at 4:30 PM and Sundays at 3 PM. Ticket prices are \$15-20. Buy your tickets and come see *Circuscope*!
